### Electric Camp

4-H Electric Camp is a fun-filled, rewarding adventure in electricity at the University of Tennessee in Knoxville on July 24-27, 2014. At camp, for only \$245 (covers transportation, meals, and a trip to Dollywood) you will learn hands-on what electricity is and how it works. You will also have the chance to meet other 4-H'ers from across Tennessee and explore careers in energy, electricity and basic sciences. Each camper will receive a certificate, a T-shirt and items that you have made at camp. It's really an electrifying experience!
